

Lull Telehandler Part

Lull Telehandler Part - Telehandlers by Lull have been supplying load placement precision ever since nineteen fifty nine. The Lull telehandler can really help make the task faster and easier, whether the work requires landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are complete together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could provide eighty inches of boom travel for precision placement functionality. There are even various optional Lull attachments for their telehandlers to be able to help finish whatever task.
