

Rockwell Part

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working within an environment which encourages the highest integrity with empowered teamwork, together with a relentless pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The business has put various programs in place to be able to articulate these values within their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whatever questions or comments, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely devoted to improving and preserving the natural world. AxleTech has an EHS program that not just protects the natural environment but which even actively protects their neighbors and workers as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both military and commercial applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to meet certain application demands. They have more than 1000 different axle specs within their present offering. With over 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in many commercial and military applications. They provide complete axle assemblies for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have added details that could be seen in the "ISAS" product collection.
